EDUCATION

- **Bachelor of Engineering - CSE |2022 - 2026|**
Saveetha Institute of Medical and Technical Sciences, Chennai CGPA: 7.91
- **Intermediate - MPC |2020 - 2022|**
Sri Chaitanya Junior College, Kurnool CGPA: 9.4
- **Schooling - SSC |2019-2020|**
Sri Chaitanya High School, Nandyal CGPA: 9.7

PROJECTS

Smart Park - Real -Time Vehicle Parking System

- Developed an Android-based smart parking application that provides real-time parking slot availability and booking management. Implemented features such as EV charging slot visibility, booking history tracking, and secure user authentication.
- Designed and integrated a backend database to manage parking slots, users, and booking records efficiently, improving parking accessibility and reducing search time.
- Tech: Android Studio, Java, PHP, MySQL, REST APIs.

Real-Time Price Comparison for Online Shopping using Swarm Intelligence Algorithms

- Developed a price comparison system to compare historical and current product prices across multiple e-commerce platforms. Implemented Swarm Intelligence techniques, including the Ant Colony Optimization (ACO) algorithm, to analyze price trends using a Kaggle dataset. The system helps users understand price changes over time, identify the best time to purchase products, and make cost-effective buying decisions.
- Trained and evaluated the model using a Kaggle dataset to identify pricing trends.
- Tech: Java, Machine Learning algorithms, Kaggle Dataset

SKILLS

- **Programming Languages:** C, Java, C++, HTML, CSS, SQL.
- **Tools:** Power BI, Microsoft Excel, Canva, VS Code, GitHub, Android Studio
- **Relevant Coursework:** Data Structures & Algorithms, Operating Systems, Object-Oriented Programming, Database Management Systems, Software Engineering.
- **Soft Skills:** Problem Solving, Self-learning, Presentation, Adaptability, Networking.
- **Languages Known:** Telugu, English, Hindi.

CERTIFICATIONS

- Oracle Certified Professional: Java SE 17 Developer – Oracle University (Feb 2026)
- Online Workshop on Artificial Intelligence & Machine Learning – [ECLearnix], (Mar 2025).
- GenAI Powered Data Analytics Job Simulation (Tata – Forage, September 2025): Focused on risk profiling, delinquency prediction, and AI-driven collections strategy.
- Generative AI Workshop | IIT Hyderabad – Hands-on exposure to generative models, prompt engineering, and AI applications.
